

**AEC**  
Excellence  
Awards  
2016

INFRASTRUCTURE / BUILDING / CONSTRUCTION

## Get your projects recognized

Be seen as a pioneer leading the way in changing the world's building, construction and infrastructure, one project at a time.

Autodesk and HP are hosting the [2016 AEC Excellence Awards](#). be awarded over \$10,000 in prizes.

We are looking for the best use of Autodesk technology and BIM in building, construction and infrastructure projects. There are also categories specifically for small or niche projects, such as:

- Fabrication
- Communication & Collaboration
- Computational Design
- Building Construction

We will also award a Philanthropic Award that addresses the fields of public interest, social impact, community, humanitarian or sustainable design.

## Exposure for your work

Submitting a project to the Awards gives you exposure beyond your awareness and marketing efforts. Your project will get recognized in industry publications, social media, blogs and more.

## Submission guidelines

Each participant may submit up to **five (5)** different projects. Must be 21 years or older. Project entries will be judged by an independent panel of building, construction, and infrastructure industry professionals.

Want to know how the projects will be judged? Judging criteria is available [here](#).
